have a fixed interest rate and a maturity of up to and including 12 months on refinancing of the loan, the mortgage-credit institution may only initiate sale of bonds, which, on refinancing, are to replace expiring bonds, if the mortgage-credit institution has a justified expectation that the sale can be carried out without the effective interest rate becoming 5 percentage points higher than the effective interest rate determined in connection with the most recent refinancing. This shall not apply, however, if the mortgage-credit institution carries out a sale of a small volume of bonds for the purpose of clarifying whether the effective interest rate becomes 5 percentage points higher than the effective interest rate determined in connection with the most recent refinancing. If a sale cannot be initiated, cf. the 1st clause, and if the expiring bonds mature, the term to maturity on such bonds shall be prolonged by 12 months. On expiry of the bonds after the 12 months' prolongation, new bonds shall be issued to replace such bonds. On this issue, the 1st and 2nd clause shall not apply.

(2) If the term to maturity on a mortgage-credit loan is longer than the term to maturity on the underlying mortgage-credit bonds, covered mortgage-credit bonds or covered bonds, and if the bonds have a fixed interest rate and a term to maturity from 12 up to and including 24 months on refinancing of the loan, the mortgage-credit institution may only initiate sale of bonds, which, on refinancing, are to replace expiring bonds, if the mortgage-credit institution has a justified expectation that the sale can be carried out without the effective interest rate becoming 5 percentage points higher than the effective interest rate on a corresponding bond with the same remaining term from 11 up to and including 14 months earlier. This shall not apply, however, if the mortgage-credit institution carries out a sale of a small volume of bonds for the purpose of clarifying whether the effective interest rate becomes 5 percentage points higher than the effective interest rate on a corresponding bond with the same remaining term from 11 up to and including 14 months earlier. If a sale cannot be initiated, cf. the 1st clause, and if the expiring bonds mature, the term to maturity on such bonds shall be prolonged by 12 months. On expiry of the bonds after the 12 months' prolongation, new bonds shall be issued to replace such bonds. On this issue, the 1st and 2nd clauses shall not apply.

(3) If the term to maturity on a mortgage-credit loan is longer than the term to maturity on the underlying mortgage-credit bonds, covered mortgage-credit bonds or covered bonds, and if the underlying bonds are subject to a variable interest rate and have a remaining term of up to and including 24 months the first time that they are used to finance a mortgage-credit loan, the interest rate may not, on fixing interest, be more than 5 percentage points higher than the most recently fixed interest rate, and shall remain unchanged for 12 months or up until the next refinancing, if such is carried out within 12 months, unless a lower interest rate is fixed within the 12 months or before the next refinancing.

This shall not apply, however, if the mortgage-credit institution carries out a sale of a small volume of bonds for the purpose of clarifying whether the interest rate becomes 5 percentage points higher than the effective interest rate determined in connection with the most recently fixed interest rate. If a sale cannot be initiated, cf. 1st clause, and if the expiring bonds mature, the term to maturity on such bonds shall be prolonged by 12 months. (5) If the term to maturity on a mortgage-credit loan is longer than the term to maturity on the underlying mortgage-credit bonds, covered mortgage-credit bonds or covered bonds, bonds which, on expiry, are to be replaced by new bonds in order to refinance the loan shall have their term to maturity prolonged for the bonds concerned by 12 months at a time if there

On expiry of the bonds concerned after the 12 months' prolongation, new bonds shall be issued to replace such bonds. On this issue, subsections (1), (2) and (4) shall not apply.

(6) Notwithstanding subsection (5), when there is inadequate refinancing of loans where the underlying bonds have a term to maturity of more than 12 months on refinancing of the loan, refinancing of the loan with bonds with a shorter term to maturity prior to prolongation pursuant to subsection (5) may be attempted.

(7) The interest rate on fixed-interest rate bonds with a term to maturity of up to and including 12 months on refinancing of the loan and which are prolonged pursuant to subsection (1) or (5) shall be fixed at the effective interest rate determined in connection with the most recent refinancing plus 5 percentage points. The interest rate shall be fixed the first time that the term to maturity on the bonds is prolonged. On further prolongations of the term to maturity pursuant to subsection (5), the interest rate fixed in the 1st clause shall continue to apply.

(8) The interest rate on fixed-interest rate bonds with a term to maturity in the interval from 12 up to and including 24 months on refinancing of the loan and which are prolonged pursuant to subsection (3) or (5) shall be fixed at the effective interest rate on a corresponding bond with the same remaining term 11-14 months earlier plus 5 percentage points. The interest rate on fixed-interest rate bonds with a term to maturity of more than 24 months on refinancing of the loan and which are prolonged pursuant to subsection (5) shall be fixed at the effective interest rate on a bond with 11-14 months' remaining term fixed 11-14 months earlier plus 5 percentage points. The interest rate shall be fixed the first time that the term to maturity on the bonds is prolonged. On further prolongations of the term to maturity pursuant to subsection (5), the interest rate fixed pursuant to the 1st or 2nd clauses shall continue to apply.

(9) The interest rate on bonds subject to floating interest rates and prolonged pursuant to subsection (4) or (5) shall be fixed at the most recently fixed interest rate plus 5 percentage points. The interest rate fixed pursuant to the 1st clause shall remain unchanged for the duration of the 12 months. The interest rate shall be fixed the first time that the term to maturity on the bonds is prolonged. On further prolongations of the term to maturity pursuant to subsection (5), the interest rate fixed in the 1st clause shall continue to apply.

(10) If the term to maturity on a mortgage-credit loan is longer than the term to maturity on the underlying mortgage-credit bonds, covered mortgage-credit bonds or covered bonds, and the underlying bonds are subject to variable or fixed interest rates, the interest rate payable by the borrower in situations where the term to maturity on bonds is prolonged pursuant to subsections (1), (2), (4) and (5) shall be based on the interest rate fixed pursuant to subsections (7)-(9).

(11) Prolongation pursuant to subsections (1), (2), (4) and (5) shall not exempt borrowers from the mortgage-credit institution from the right to repay a loan in full or in part on the basis of issues of mortgage-credit bonds, covered mortgage-credit bonds or covered bonds.

(12) Subsections (1)-(5) shall not extend to mortgage-credit loans granted against collateral in real property situated outside Denmark.

(13) The Minister for Business and Growth shall lay down more detailed regulations regarding bonds covered by subsections (1)-(4) and section 32 and regarding the organisation of bond sales and exemptions in connection with these.

(2) Loans may only be granted in accordance with subsection (1) hereof, provided the mortgage collateral is not hereby substantially impaired.

(3) Subsection (1) shall apply correspondingly on repayment of mortgage-credit loans in another institution, provided valuation for use in measurement of the original loan is performed on the basis of approved acquisition sums pursuant to the Non-Profit Rental Housing and Subsidised Private Cooperative Housing, etc. Act, the Act on residential housing or the Act on dwellings for elderly people and disabled people.

(4) If the requirements for disbursement of the loan have otherwise been met, loans may be granted without the document mentioned in section 11(3) below, provided security is provided that said document will be provided.

(5) Loans may be granted for home building and rebuilding and extension etc. on the basis of the expected value of the property (prefinancing loans), provided security is provided that the loan will be repaid in part or in full, if, at the end of the time frame for completion of the building, the loan could not have been granted at the amount agreed.

Conditions which occasion a particularly high price shall not be taken into consideration during valuation.

(3) In its valuation, the mortgage-credit institution shall take into account any risk of changes in market conditions or structural conditions.

(2) Funds shall be transferred to a series or a group of series with a serial reserve fund from the mortgage-credit institution in general, if this is necessary in order to meet the solvency requirement for the series or group of series, unless such a transfer means that the mortgage-credit institution in general will no longer be able to meet its own solvency requirement.

(3) The mortgage-credit institution may stipulate provisions in the articles of association or the terms of the loan that funds shall be transferred from a series or group of series with a serial reserve fund to the mortgage-credit institution in general, if the serial reserve fund is or becomes larger than required.

(4) Financial instruments may only be included as assets or liabilities in a series or group of series with a serial reserve fund, if they are used to hedge risks between assets regarding the series on the one hand and regarding the issued mortgage-credit bonds, covered mortgage-credit bonds and covered bonds on the other hand, if the agreement on the financial instrument stipulates that financial reconstruction, bankruptcy or non-compliance with the obligation to provide supplementary collateral pursuant to section 33d(1) by the mortgage-credit institution does not constitute grounds for breach.

(5) The Danish FSA shall lay down more detailed rules regarding series.

27.-(1) If a mortgage-credit institution is declared bankrupt, the funds of the series, less costs for the processing of the insolvent estate and similar costs including costs for the liquidator, staff, etc., shall be used to satisfy claims from holders of mortgage-credit bonds, covered mortgage-credit bonds, covered bonds and other securities of the relevant series or group of series with serial reserve funds, as well as claims for interest accrued on said claims from the time of the pronouncement of bankruptcy. The claims specified in section 25(2) above shall be satisfied subsequently. After this, debt raised by the mortgage-credit institution pursuant to section 15, shall be covered. Any remaining funds shall be included in the assets available for distribution, cf. section 32 of the Danish Bankruptcy Act.

(2) If a mortgage-credit institution is declared bankrupt, the funds of the institution in general, less costs for the processing of the insolvent estate and similar costs including costs for liquidator, staff, etc., shall be used to satisfy claims from holders of mortgage-credit bonds and other securities, which are not issued in series with serial reserve funds as well as claims for interest accrued from the time of the pronouncement of bankruptcy. However, funds which are disbursed pursuant to the first clause of this subsection may constitute no more than mortgages corresponding to the mortgage-credit bonds and other securities, plus an amount corresponding to 8% of the risk-weighted value of said mortgages. Any remaining funds shall be included in the assets available for distribution, cf. section 32 of the Danish Bankruptcy Act.

(3) If a mortgage-credit institution is declared bankrupt, counterparties to the financial instruments entered into to hedge risks in a series or group of series of mortgage-credit bonds, covered mortgage-credit bonds or covered bonds, cf. section 26(4), shall be equated, in terms of bankruptcy, with holders of mortgage-credit bonds, covered mortgage-credit bonds or covered bonds in the relevant series or group of series, cf. subsection (1), 1st clause, and sections 31 and 32.

27a.-(1) Holders of bonds which have lost the designation covered mortgage-credit bonds or covered bonds, cf. section 33d(2), and counterparties to the financial instruments shall retain the bankruptcy law ranking afforded holders of covered mortgage-credit bonds, covered bonds and financial counterparties. Debt raised by the mortgage-credit institution pursuant to section 15(1), shall be covered correspondingly.

(2) The regulations in sections 27b and 28-33 shall apply correspondingly to bonds which have lost the designation covered mortgage-credit bonds or covered bonds as well as financial instruments linked hereto.

27b. Proceeds from loans taken out by mortgage-credit institutions pursuant to section 15(1) and which are not included in a series or group of series, shall, in the event of bankruptcy of the mortgage-credit institution, serve to cover the holders of the mortgage-credit bond, the covered bonds or covered mortgage-credit bonds and counterparties to the financial instruments in the series or group of series for which the loan was taken. Any surplus funds shall be paid to the lender.

28.-(1) The issue of a bankruptcy order against a mortgage-credit institution may not be submitted as cause for premature repayment of financial liabilities by holders of mortgage-credit bonds, covered mortgage-credit bonds, covered bonds and other securities pursuant to section 15(1), and it shall not deprive the mortgage-credit institution's borrowers of the right to repay mortgage-credit loans or loans granted on the basis of issuing covered mortgage-credit bonds or covered bonds in part or in full in accordance with the terms of repayment pertaining to the relevant loans.

(2) If a mortgage-credit institution does not fulfil the obligation to provide supplementary collateral pursuant to section 33d(1), this may not be used by the holders of covered mortgage-credit bonds or covered bonds or by the lenders as a reason for premature payment of payment obligations pursuant to section 15(1).

29.-(1) The insolvent estate may not disburse payments to satisfy claims submitted by holders of mortgage-credit bonds, covered mortgage-credit bonds, covered bonds and other securities at an earlier time than the time when the mortgage-credit institution was entitled to make payment.

(2) The insolvent estate may not terminate loan agreements which are secured by means of registration of mortgage deeds in real property to a greater extent than the mortgage-credit institution was entitled to terminate such agreements.

(3) The insolvent estate may only change contribution fees and similar, if the change is based on market terms and a need for further funds for management of the estate has also been ascertained. Changes shall be notified in writing no later than three months before they are to take effect.

30. Set-off from a claimant as specified in section 42 of the Danish Bankruptcy Act may not be carried out to satisfy a claim payable to the mortgage-credit institution.

31. The assets available for distribution shall be used to satisfy claims pursuant to the rules in Part 10 of the Danish Bankruptcy Act. However, claims submitted by holders of mortgage-credit bonds, covered mortgage-credit bonds, covered bonds, refinancing bonds and other securities, as well as claims submitted for interest accrued on said claims from the time of the pronouncement of bankruptcy, shall be satisfied pari passu after fulfilling the requirements specified in section 96 of the Bankruptcy Act, but before the claims specified in section 97 of the Bankruptcy Act.

32.-(1) In cases of financial reconstruction, the mortgage-credit institution shall, as far as possible, continue to fulfil its payment obligations in accordance with claims from holders of mortgage-credit bonds, covered mortgage-credit bonds, covered bonds and other securities on the due date for payment, unless the reconstructor decides otherwise. With the consent of the reconstructor, mortgage-credit institutions may enter into agreements on financial instruments, raise loans to finance the payments mentioned in the 1st clause and provide collateral for such loans in assets, except for mortgages secured on bonds belonging to the series or group of series with a serial reserve fund for which the payment takes place. To cover redemption of bonds which mature, the reconstructor may also issue refinancing bonds in the series concerned.

(2) In cases of bankruptcy, the liquidator shall continue or resume as far as possible the fulfilment of the mortgage-credit institution's liabilities in the form of payments of interest and instalments to holders of mortgage-credit bonds, covered mortgage-credit bonds, covered bonds and other securities. If funds are inadequate, interest shall be paid before drawings are carried out. The liquidator may enter into agreements on financial instruments, raise loans to finance the payments mentioned in the 1st clause and provide collateral for such loans in assets, except for mortgages secured for bonds belonging to the series or group of series with a serial reserve fund for which the payment takes place. To cover redemption of bonds which mature, the liquidator may also issue refinancing bonds to replace relevant bonds in the series which mature.

(3) Refinancing bonds shall have equivalent collateral to the mortgage-credit bonds, covered bonds, covered mortgage-credit bonds or any refinancing bonds which the refinancing bonds replace, cf. sections 27, 27a and 27b.

(4) The reconstructor or the liquidator may not issue refinancing bonds if, after the issue, it is unlikely that there will be sufficient funds in the series or the groups with the serial reserve fund to pay claims from creditors mentioned in section 27(1), 1st clause, as well as claims from counterparties to financial instruments, cf. section 27(3).

(5) If the reconstructor or liquidator raises loans, except for refinancing bonds to meet payment obligations with regard to claims from holders of mortgage-credit bonds, covered mortgage-credit bonds and covered bonds or refinancing bonds issued in series or groups of series with a serial reserve fund, the reconstructor or liquidator may, as basis for raising the loans, notwithstanding subsections (1) and (2), provide collateral in the first-coming mortgage-payment from the borrowers on the mortgages.

(6) If the reconstructor or liquidator is not permitted to issue refinancing bonds, cf. subsection (4), or if there are not sufficient buyers for all the necessary new bonds, the term to maturity on the bonds concerned shall be prolonged by one year at a time. The reconstructor or liquidator shall set the interest rate on the prolonged bonds at a variable referenced interest rate plus up to 5 percentage points.

(7) If bonds are prolonged, when, in connection with refinancing, it is ascertained that there are not sufficient buyers for all the necessary new bonds, cf. subsection (6), the term to maturity for loans taken up as extra collateral pursuant to section 15 which mature ordinarily in the prolongation period, and which are linked to the bonds which are prolonged, shall be prolonged corresponding to the term to maturity on the relevant prolonged bonds.

32a. Funds shall not be transferred between series with a serial reserve fund and the mortgage-credit institution otherwise, after commencement of financial reconstruction proceedings or pronouncement of bankruptcy order.

33.-(1) The liquidator or the mortgage-credit institution may, with the consent of the reconstructor, enter into an agreement on total transfer of a series or groups of series with a serial reserve fund to another mortgage-credit institution which has been granted a license in a Member State of the European Union or a country with which the Union has entered into an agreement for the financial area and which is licensed to issue mortgage-credit bonds, covered bonds or covered mortgage-credit bonds.

(2) Transfer of a series or groups of series with a serial reserve fund shall be authorised by the Minister for Business and Growth. An application for transfer shall be accompanied by the basis for agreement between the mortgage-credit institution which is under financial reconstruction or bankruptcy proceedings and the company wishing to acquire a series or the series with a serial reserve fund. In addition to the basis for agreement itself, the Minister for Business and Growth shall make an assessment of the company which is to take over the series or groups of series with a serial reserve fund, including particularly, whether the company complies with the financial regulations.

(3) Unless the Minister for Business and Growth, on the existing basis, finds that a transfer should not be authorised, the Danish FSA shall make public in the Danish Official Gazette and in national daily newspapers a report regarding the planned transfer. The report shall include an appeal to the affected holders of bonds to notify the Danish FSA in writing if they have any objections to the transfer within a time frame stipulated by the Danish FSA which is no shorter than one month.

(4) After expiry of the time frame mentioned in subsection (3), the Minister for Business and Growth shall, under consideration of the objections made, decide whether the series or groups of series with a serial reserve fund may be transferred in accordance with the proposal.

(5) The transfer may not be invoked by holders of bonds which have been issued by the ceding mortgage-credit institution, as a reason for premature redemption of payment liabilities. The transfer shall not deprive the borrowers transferred of the right to full or partial repayment of mortgage-credit loans in accordance with the special repayment terms applicable for the loan.

Part 4a

Covered mortgage-credit bonds and covered bonds

33a.-(1) Mortgage-credit institutions may finance loans, cf. section 2(1) and (3) by issuing covered mortgage-credit bonds, if the institution is authorised under section 16a(1) of the Financial Business Act.

(2) Granting loans financed by covered bonds shall take place in separate series with a serial reserve fund.

(3) The value of assets covering covered bonds issued shall, at all times, correspond to the value of the covered mortgage-credit bonds issued, and the mortgage collateral for the individual loan shall comply with the lending limit for this.

33c.-(1) For loans financed by covered mortgage-credit bonds or covered bonds, the maturities, repayment profiles and lending limits stipulated in sections 3 and 4, cf. however, subsection (2) shall apply.

(2) Sections 3 and 4 shall not apply to loans financed by covered mortgage-credit bonds or covered bonds against collateral in properties covered by section 5(1), if the lending limit does not exceed 75%.

(3) Fixture and fittings covered by section 38 of the Land Registration Act may be included in the valuation of the real property.

(4) Devices and fittings installed in a commercial property for use in the operation of the property may be included in the valuation. For agricultural properties, the livestock belonging to the property may also be included in the valuation to the extent that the livestock are part of the continuous production. For loans in agricultural properties, the value of the livestock which is part of the continuous production may be included at no more than 30% of the value of the land and buildings.

(5) Loans with mortgages in real property granted on the basis of issuance of covered mortgage-credit bonds or covered bonds shall be secured on separate mortgage deeds and may not be granted with collateralisation in the form of owner's mortgages and letters of indemnity, cf. however, subsections (6) and (8). The mortgage deed shall state that it may be used as collateral for a loan financed by the issuance of covered mortgage-credit bonds or covered bonds.

(6) Mortgages in real property, which were registered in the Land Register before 1 July 2007 may be used as collateral for loans financed by the issuance of covered mortgage-credit bonds or covered bonds. Notwithstanding the 1st clause, owner's mortgages and letters of indemnity may, however, not be used as collateral for loans financed by issuance of covered mortgage-credit bonds.

(7) For loans financed by issuance of covered bonds, the requirement in section 11(1), 1st clause, that the borrower shall own the real property, and the requirement in section 23(1), that the borrower shall be personally liable for the loan, may be derogated from.

(8) The Danish FSA may grant exemptions from subsection (5) for loans which are granted for real property located outside Denmark, the Faroe Islands and Greenland.

33d.-(1) If the value of the assets mentioned in section 33a(3) and section 33b(3) no longer corresponds to no less than the value of the covered mortgage-credit bonds or covered bonds issued, or does not comply with the lending limits applicable on the date on which the loan was granted, the mortgage-credit institution shall immediately provide supplementary collateral to fulfil the requirement and notify the Danish FSA of this. 3rd subparagraph of Regulation (EU) no. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms. For loans issued in Denmark, the obligation to provide supplementary collateral, as well as the costs of this, may not be imposed on borrowers whose falling property prices have prompted the requirement for supplementary collateralisation.

(2) If the mortgage-credit institution does not provide supplementary collateral pursuant to subsection (1), 1st clause, all bonds issued in the relevant series with the serial reserve fund shall lose the designation covered mortgage-credit bonds or covered bonds. Bonds with the designation covered mortgage-credit bonds or covered bonds may be considered mortgage-credit bonds if, at the time of the loan offer, they meet the statutory requirements for mortgage-credit bonds.

(3) The Danish FSA may grant exemption from subsection (2), 2nd clause, notwithstanding that the bonds do not comply with the statutory requirements for mortgage-credit bonds. Series with serial reserve funds which are transferred to the designation mortgage-credit bonds pursuant to the 1st clause shall be kept separately from other funds in the mortgage-credit institution.
